The role of education and training in the EU AKIS

- **What are the links between Education/Training and the AKIS in your country at the moment?**
 - At this moment, we are in the full process of elaborating the way in which AKIS will work in Romania. At the end of the previous year, we discussed both with representatives of the university environment (University of Agronomic Sciences and Veterinary Medicine) and with representatives of NGOs on how to organize and operate this system.

The role of education and training in the EU AKIS

- **Can you give illustrative examples?**

University Input in the AKIS Network:

- scientific research, development, innovation, technology transfer;
- provides specialists / experts in the field of agriculture through the teaching staff.

The role of education and training in the EU AKIS

- **What are the priorities of change for the future?**
- The perspectives are related to establishing the responsibilities of each actor involved in AKIS, as well as the connections between them. The Coordination Unit will be the Managing Authority (GD for NDRP) through the Professional Training Unit.
